

# OUR SAFE CARE COMMITMENT

The Works is Commitment to Keeping You and Your Children Safe  
While You Pursue Your Health & Wellness Goals!

## Youth Programs

Here are some of the steps we are taking to prevent the spread of COVID-19.

### **WE SCREEN to protect you, your families and our staff:**

- Children will be screened for symptoms when arriving at their program site, per state guidelines.
- Please do not send children if they are sick or experiencing a cough, sore throat, runny nose, or fever.

### **WE CLEAN our hands and spaces, and make it easy for you to do the same:**

- Anyone entering The Works will be asked to sanitize their hands. Hand sanitizer stations are also readily available throughout the facility. Children will wash/sanitize hands upon arrival in program, as well as before and after transitions from inside to outside.
- Parents will not be allowed into the program area.
- There is a 30-minute time block between program sessions to allow for extra cleaning.
- A new set of clean and sanitized toys will be provided for each one-hour program session. Toys will be gathered and cleaned at the end of each program time slot, according to Wentworth-Douglass Hospital's toy cleaning policy.

### **WE PROTECT everyone in our environment:**

- Everyone in our facilities, both staff and patients, will be wearing hospital-issued surgical masks provided by The Works. Please wear the mask during drop-off and pick-up.  
*Children will not be required to wear masks once inside the program*
- Everyone should practice good physical distancing – keeping at least 6 feet apart from others. Children's program activities will maintain 6-ft distancing whenever possible.
- Our program capacity allows for 40-sq-feet of space per child in accordance with state requirements. For this reason, pre-registration will be required for all children's programs.

### **Additional safety measures that we have implemented include:**

- There will be no food permitted in the program areas.
- The Playhut will not be providing diapering services at this time.
- One Program Staff will be appointed daily to sign children in and out.
- Children's belongings will be kept separated and must be brought home at the end of each program.

Please let us know if you have any questions about Supervised Children's Programs and our enhanced safety protocols. Program staff can be reached by calling 603-742-2163 x735 or email Jennifer Brown at Jennifer.Brown@wdhospital.org
